Phone: +232 76 731 828

Director and Founder: JULIET JENEBA FORNAH (MRS.)

Welfare Alert - Sierra Leone (WA-SL) is established in 2015 as a community-based organization.

We envision a society where the welfare of children, women, and other vulnerable groups is fully optimized.

We promote and protect the rights and dignity of children, women, and vulnerable groups through: Accessible education, Healthcare support, and Skills development. We also ensure the rights and dignity of children, women, and vulnerable groups through holistic community actions and services.

We are registered with the Ministry of Gender and Children's Affairs, Ministry of Basic and Secondary Education, the Bombali District Council, and the Bombali District Human Right Committee of Sierra Leone.
